

Servers

In the Servers tab, You will have the ability to view several things about all of your active servers in one location, information shown would include:

- The status of your server,
- The location, and node that your server is located in/on,
- What game your server is running,
- What Server Software the Game Server is running
- What Plan the Server is running under,
- Hourly/Monthly cost of your Server

Server Creation

in order to create a server, You will need to [Create an Account](#) with us, If you already have, In the [Servers Tab](#) Click [+ Create Server](#)

When creating a server it will ask you to choose a name, Pick what Game, Server Software (Specification) and Node.

Server Configuration Prompt

 Server configuration

Name

Software / Games	Specification
<input type="text" value="Please select software ..."/>	<input type="text" value="----"/>

Node

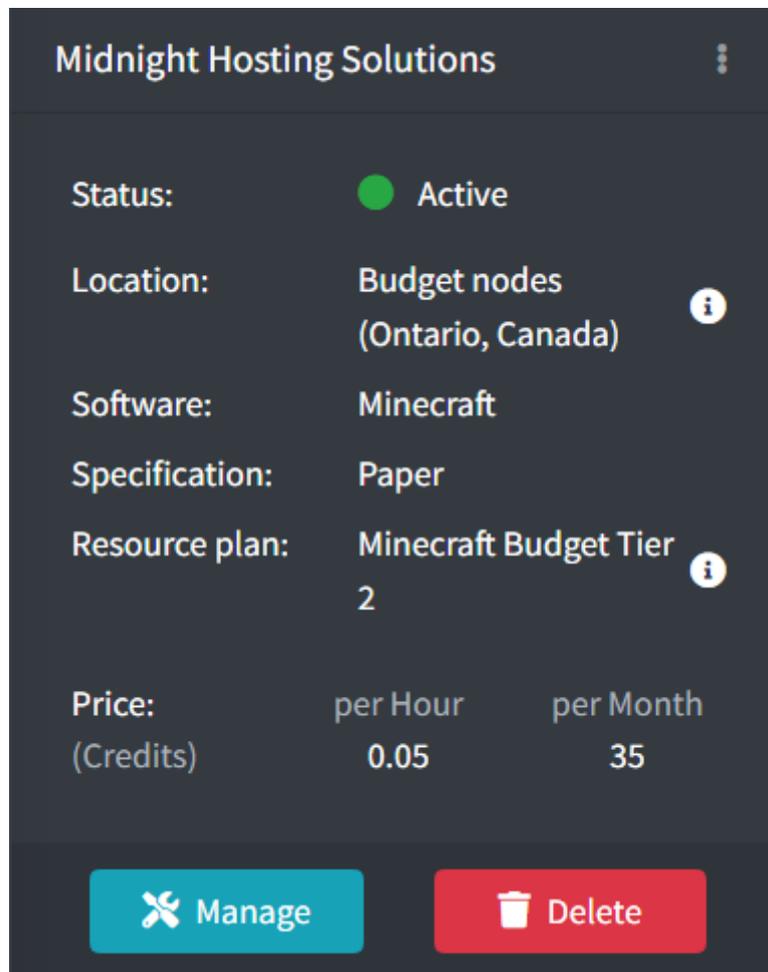

Once you have entered and selected all relevant information it will prompt you with our available plans for your configuration
When you have chosen what plan you are going with, You are going to again hit the corresponding button: 

Note Upon Server Creation, Your account will be charged a full hour as a setup fee

Server Deletion

Deleting your servers is a very simple process, On the [Servers Tab](#) Find the server you would like to delete. hit the Delete Button

When you are deleting one of your servers the panel will prompt you, Confirming that you indeed want to delete your server.

The screenshot shows a server management interface for 'Midnight Hosting Solutions'. The server is currently 'Active', as indicated by a green dot. The location is 'Budget nodes (Ontario, Canada)', the software is 'Minecraft', and the specification is 'Paper'. The resource plan is 'Minecraft Budget Tier 2'. The pricing is shown as 0.05 credits per hour and 35 credits per month. At the bottom, there are two buttons: 'Manage' (teal) and 'Delete' (red).

Property	Value
Status:	Active
Location:	Budget nodes (Ontario, Canada)
Software:	Minecraft
Specification:	Paper
Resource plan:	Minecraft Budget Tier 2
Price (Credits)	per Hour: 0.05, per Month: 35

Are you sure?

This is an irreversible action, all files of this server will be removed.

No, cancel!

Yes, delete it!

Credit Based Billing

Unlike some of our competitors we utilize a Credit Based Billing system, You purchase credits to fund your account, And each individual server you rent with us will have a monthly cost of credits associated with them. Credits deplete from your account balance and your server(s) will be suspended until you are able to top up your credits.
